

## **ROUNDTABLE DISCUSSIONS:NOTE FOR WEBSITE UPLOAD**

Indian Railways is organising roundtable discussion with various stakeholders. Idea is to have a productive discussion on ways and means to further improve various aspects of Indian Railways and seek suggestions from reputed organisations/stakeholders.

Following themes have been decided for first round of roundtable discussions

1. Electrification and Energy management in Indian Railways: **Registration Closed**
2. Electrical rolling stock in Indian Railways: Technological up gradation, maintenance and inventory management: **Registration Closed**
3. Leveraging Enterprise Resource Planning in Indian Railways
4. Sustainability in Indian Railways: Energy conservation, non renewable energy, water management, sanitation and solid waste management: **Registration Closed**
5. Technology infusion in Indian Railways with particular focus on rolling stock, P Way and Signalling
6. Making data analytics work for Indian Railways
7. Ensuring cyber security in Indian Railways
8. Implementing best practices in Human Resource Management in Indian Railways
9. Station Redevelopment (Architects, builders and developers are welcome)
