No. FROA/2013/25

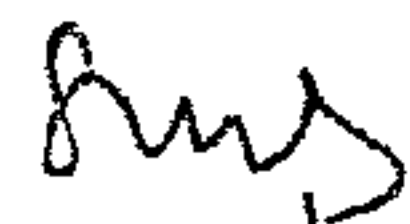

New Delhi,
Dated: 14-06-2013

Resolution of FROA in the Governing Council meeting held on 14.06.2013

It is learnt that the Board is contemplating following two major changes in the organization:

- 1) Revision of the norms for selection for the posts of DRM, GM, and Members of the Board including CRB.
- 2) Restructuring of the Railway Board.

Both these issues concern the entire cadre of Group-A Officers and have far reaching consequences not only on the career prospects of officers, but also on the organizational well-being. Therefore the Railway Board is requested that no such steps should be taken without consultations with the FROA. Besides the FROA also feels that the present Board should recuse itself from taking such decisions, which have far reaching consequences as there are two vacancies in the Board and two Members are going to superannuate within ten working days. Only a Board in full strength should make any recommendations on this issue, which has long term implications on Railways and its multiple cadres.
