## RESOLUTION

The Governing Council of FROA met on 8<sup>th</sup> May, 2013 to discuss the recent case of alleged inducement and expressed deep anguish at such an incident and deplores the act. FROA has faith in officers and will like to categorically state that Officers of all departments of Indian Railways' are working with full dedication and unquestionable integrity. Impressions in media that some departments are steeped in corruption is not true and needs to be dispelled.

The Federation has requested the Government to take urgent action to bring about systemic reforms through a letter written to the Cabinet Secretary on 6<sup>th</sup> May.
