No.2010/M(N)/60/5

The General Managers
All Zonal Railways

Sub: Premature condemnation of 4-W Tank wagons

Ref: (i) This office letters of even number dt. 13/17.9.10 & 15.9.11
(ii) CRSE/NCR’s letter No.Mech/818 dt. 2.3.12

Vide Board’s letter dated 13/17.9.10 & 15.9.11 mentioned above, instructions were issued to Zonal Railways approving premature condemnation of all vacuum-brake 4-W Tank wagons except certain types of wagons which included TOH (LSHS) wagons. It was further advised that the stock retained may be given regular maintenance as prescribed. However, instead of POH, ROH of wagons may be undertaken upto April, 2012.

The matter has been examined further in consultation with Traffic Transportation Dte. of the Railway Board and it has been decided that POH and ROH of 4-Wheeler TOH wagons should be carried out as per the prescribed periodicity of maintenance of these wagons.
