No. 2017/M(N)/60/3

New Delhi, dated 24.01.2019

The Principal Chief Mechanical Engineers
All Indian Railways

Sub:- Retrofitment of Twin Pipe Air Brake System

It has been reported by some Railways that there is deficiency of funds for undertaking the work of retrofitment of Twin Pipe Air Brake System. Against the pink book item No. 864/2018-19 for the above RSP work, an outlay of Rs.23,63 Crore is available and is sufficient for meeting the requirement of all Railways for the year.

It is advised that, the debit on account of expenditure incurred in above work be sent to Board at the earliest, so that there is no possibility of surrender of the funds available.

It is also requested that the expected number of wagons that will be taken up during the year upto March-2019 under the RSP work may be advised so that necessary adjustment of outlay can be arranged at Final Modification stage.
