With a view to encourage environmentally sustainable procurement, a commitment has been given by Hon'ble MR to Parliament in the Budget Speech that Railway will encourage use of agro based and recycled paper.

In view thereof, it is decided that wherever paper is being purchased to IS-1848, the following additional clause will be incorporated

"The paper must conform to Para 4.8.2(a) Type A / Para 4.8.2(b) Type-B".

Whether to use Type-A or Type-B will be decided by Zonal Railway depending on its specific requirement.
