Northeast Frontier Railway in their above mentioned letter has raised the issue of supply & installation of LED Signals through Supply Contract. Board has examined the matter and accordingly, Railway is advised that:-

(1) Wherever the installation and Commissioning are not to be done departmentally, and where it is a technical necessity that LED signaling devices should be installed and commissioned by the OEM (like M&P), then these should be included in the scope of the Supply Contract.

(2) All procurement should be made within Standard warranty/Guarantee provisions to safeguard Railway's interests.

This issues with the concurrence of Finance Directorate and in consultation with Signal Directorate of Ministry of Railways.
