**Government of India
Ministry of Railways
Railway Board**

No.91/Track III/TK/6 Vol.V

New Delhi, dated 23-02-2011.

The CAO(C)s,
All Indian Railways.

MD/RVNL.

Sub: Mechanization of linking of track.

IR Vision 2020 envisages complete mechanization of track works. During the CAOs Conference held in Sept.'10, Railways were advised that some of the PQRS sets or Russian TRT can be utilized for mechanization of track linking works on construction projects. List of works Targeted for 2011-12 (Doubling & Gauge Conversion) has already been communicated to Railways. ME has desired that Railways should plan some of these works for mechanized linking with PQRS/RTTRT in coordination with PCEs.

Sections identified for mechanized linking & planning thereof may please be advised to Board's office by 31st March, 2011.

This issues with the approval of M.E.

(A.K. Lahoti)
Executive Director Track (MC)
Railway Board.
