No.2011/Track III/TK/8

New Delhi, dated 13 -05-2011.

The Principal Chief Engineers,
All Indian Railways.

Sub: Allotment of Track Machines sanctioned under RSP.

The railway-wise allotment of track machines sanctioned under various RSP items for additional acquisition (Capital) as well as on replacement account (DRF) is enclosed herewith. This does not include machines for which contracts have already been placed and are under supply as contract-wise distribution of the same has been issued separately.

In order to ensure proper utilization of the track machines the following action may please be taken:

- i) Creation of posts as per approved yardsticks and placement of indents for recruitment.
- ii) Creation of infrastructure namely camping coaches, track machine sidings, satellite depots and augmentation of capacity at zonal maintenance depots.

The total requirement of posts as per machines already available as well as those allotted should be worked out. This should be reflected in the CE(TM)s PCDO in the statement for "Position of Staff Strength".

DA: As above.
