## Government of India Ministry of Railways Railway Board

No. 2009/Track III/MC/Misc

New Delhi, dated /9-02-2010.

The Principal Chief Engineers, All Indian Railways.

Sub: Training of Track Machine Staff at M/s Plasser India Pvt. Ltd, Faridabad against supply of new machines.

Most of the contracts placed for supply of machines on M/s Plasser & Theurer provide for training of two staff per machine for one month during manufacturing and commissioning of the machine in India. Part of this training is imparted at the training centre and manufacturing plant of M/s Plasser India Pvt. Ltd., Faridabad. M/s Plasser India Pvt. Ltd., Faridabad have developed good training facilities and their manufacturing plant has a number of facilities for manufacturing/assembly/fabrication of various components of machines. Exposure to these manufacturing processes and the equipments being used therein will go a long way in improving the skills of the machine staff.

2. Interaction with various officers on Zonal Railways indicates that provision for this training is not being utilized properly. Several times the staff deputed for this training are not posted on the same machine and hence the full benefits of training are not realized. Position in this regard may please be reviewed with respect to machines supplied during 2008-09 and 2009-2010 and submitted to Board as per the following proforma:

S.N.	No.	Type of M/c & M/c No.	Date of supply	Name and Designation of staff deputed for training at M/s Plasser (I) Pvt. Ltd. FBD		Date of Training	M/c on which the staff are presently working	Remarks
				Name	Desgn.			

- 3. It may please be ensured that the staff nominated for training at M/s Plasser (I) Pvt. Ltd, FBD are carefully selected. They should be of the rank of SSE/SE/JE(Track Machines), and should be posted on the same machine, on which they are sent for training, for a period of atleast three years. Each of the staff should be asked to submit a report on completion of the training to the Dy.CE(Track Machines) who should review and satisfy that the staff have carried out the training satisfactorily.
- 4. It will also be useful if CE/Dy.CE(TM) on your railway visit Plasser India Pvt. Ltd. to appreciate the potential for knowledge & skill to be acquired during the training.

Executive Director Track (Machines)
Railway Board.
