While most of the points mentioned in DRM Bikaner's letter dated 26.05.2023 have been covered in the above reference and are in line with the requirement given by DRM; however your attention is invited to point number 4a, which is not taken care of. It will be appropriate if the access/visibility of the approved programme is available at all times to the field staff (preferably on a mobile app), so that adequate resources can be mobilized and are available in time. This will also prevent wastage of resources.

CRIS is advised to take necessary action in coordination with DRM/Bikaner for development of the above said app in terms of Board's approval.
